

Connecticut's best-kept secret: Cutting your home's energy bill is just a call or a click away.

Chances are your home is leaking energy – and money. ***We can help fix that and save you an average of \$200 annually. No gimmicks, no hassles, no problem.***

Following an in-home energy assessment, trained technicians will make these energy-saving improvements:

- > Seal drafts and cracks
- > Install improved lighting
- > Analyze appliances and insulation
- > Install water-saving devices
- > And more

Whether you own or rent, you will receive an average of \$700 in services during an in-home visit by trained technicians. Call or click to find out which program is right for you.

Home Energy Solutions – available to all Connecticut homeowners and renters. A \$75 fee will be collected at time of service. www.cl-p.com/hes
