Choose An Electric Supplier →

MY ENERGY POLICY:

To lower my bill by choosing an Electric Supplier.

Current offers can lower your electric bill. Learn how easy it is to Choose An Electric Supplier.

### Choosing An Electric Supplier

The current CL&P residential rate of \$0.11051 per kWh is effective until December 31, 2010. The supplier rates shown below were in effect for residential customers on July 2, 2010 and are subject to change. For current supplier rates, please visit [www.ctenergyinfo.com](http://www.ctenergyinfo.com) or call the supplier.

### Escogiendo un Suplidor de Electricidad

La actual tarifa residencial de CL&P de \$ 0.11051 por kWh será efectiva hasta 31 de diciembre del 2010. Las tarifas del suplidor que se muestran a continuación son efectivas para los clientes residenciales hasta el 2 de julio de 2010 y están sujetas a cambio. Para las tarifas actualizadas, por favor visite [www.ctenergyinfo.com](http://www.ctenergyinfo.com) o llame al suplidor.

**\* DPUC Referral Program**

This offer is made under the Department of Public Utility Control's (DPUC) customer referral program. Suppliers choosing to participate in the referral program must offer to sell electricity to residential and small commercial customers at a fixed price per kWh for a period of not less than one year. Certain rules apply regarding cancellation fees.

**\*\* Registered Aggregator**

**\* DPUC Programa de Referencia**

Esta oferta se realiza en el Departamento de Control de Utilidades (Public Utility Control DPUC) programa de referencia para clientes. Los suplidores que elijen a participar en el programa de referencia deben de vender la electricidad a clientes residenciales y de pequeñas empresas comerciales a un precio por kWh durante un período de no menos de un año. Se aplican ciertas normas relativas a gastos de cancelación.
