(includes July 17 Residential
Loop Design Seminar, if desired)

Cost of ONLY attending the
Design Seminar: **\$200.00**

A maximum of 35 students
will be accepted for this
course and will be on a first
received and paid basis.

Breakfast, lunch and
materials for all workshop
and seminar days are
included in price

This three day comprehensive installation workshop is designed for Ground Source Heat Pump developers, architects, manufacturers, distributors, HVAC contractors and loop installers. Topics include:

- Ground loop calculation and sizing
- Pipe selection and system layout
- Pipe fusion methods
- Flushing and purging
- Heat pump start-up

*IGSHPA Trainer: Terry Proffer, Major
Geothermal, Wheat Ridge, CO*

The course includes the two hour open-book IGSHPA accreditation test. Upon passing the exam, participants will receive:

- IGSHPA “Installer Accreditation”
- 3 year membership to IGSHPA
(member contact info posted on IGSHPA website)
- Centennial Pipe Fusion Certification
- IGSHPA manuals and hand-outs

On July 17th, Terry Proffer’s Residential Loop Design Seminar is being offered at no extra cost to IGSHPA workshop participants. Those only interested in the 1-Day Design Seminar will incur a modest fee of \$200.
