RATE 117
Page 1 of 3

AVAILABLE for municipal street and highway lighting within the Company service area where all street lighting equipment within a specifically defined geographic area of the municipality is owned and maintained by the municipality, and the municipality and the Company have executed an agreement for service under this rate. For purposes hereof, such a specifically defined geographic area installation of a municipality's street lighting equipment shall consist of not less than all lighting equipment on a public way lying between the intersections of that public way and two other public ways or one other public way and a dead end or the municipal boundary.

INSTALLATION AND MAINTENANCE: The Municipality will provide, own and maintain the street lighting bracket, luminaire, lamp, photocell, fixture conductor wire, hardware and controls for daily dusk-to-dawn operation for each lighting unit, and municipality owned mounting poles. Dedicated street lighting conductors will be owned and maintained by the Company.

The services necessary to install, remove, replace, relocate or transfer street lighting equipment attached to Company poles may, at the Municipality's request, be performed by the Company or by the Municipality's qualified contractor or qualified municipal employees at the expense of the municipality.

QUALIFICATIONS FOR CONTRACTORS AND MUNICIPAL EMPLOYEES: Any contractor or municipal employee utilized by the Municipality to perform street light maintenance work on Company owned poles shall be properly trained, certified (i.e., licensed) and, in the case of a contractor, properly insured, prior to performing such work. Such work shall be performed in accordance with all applicable federal, state, and local laws, regulations, safety codes and ordinances. Prior to the commencement of any work on Company or jointly owned poles, the municipality shall provide written certification of contractor and employee qualifications to the Company. The installation, maintenance, and removal of connections to the Company's secondary distribution system is restricted to authorized Company personnel only.
